Ready for Construction

Topic 1 – About construction

Topic 1: About construction

In this topic you'll find out what it's really like to work in the construction industry.

Scroll down to begin. Remember that in order to complete this topic you need to cover all the learning on the page, including watching the short videos. You can click on the progress panel in the top right hand corner to see which videos you've started watching.

- includes
- Feature video (1)
 - 10 things that everyone should know about construction

Ready for Construction

Topic 2 – About you

Topic 2: About you

Here you'll find out about the skills, values and behaviours employers are looking for. You'll also have the chance to explore what you could bring to a role in construction.

Scroll down to begin. Remember that in order to complete this topic you need to cover all the learning on the page, including watching the short videos. You can click on the progress panel in the top right hand corner to see which videos you've started watching.

includes

15 skills, attitudes and behaviours that construction employers look for

What employers are looking for

Below are some of the main skills, behaviours and attitudes construction employers look for. Each section also includes a video featuring employers explaining why these qualities are so important in the industry.

1. Curiosity

Curiosity is the desire to learn. To progress in the industry you will have to learn new skills and gain qualifications, so a hunger to learn is a must. You can learn everything you need to know about your occupation, even if you have no prior knowledge or experience in construction. The more curious you are, the more you'll learn. And your learning won't stop when you're qualified. Construction is changing all the time, so you'll need to keep your knowledge and skills up to date.

Select the play button to watch the video.

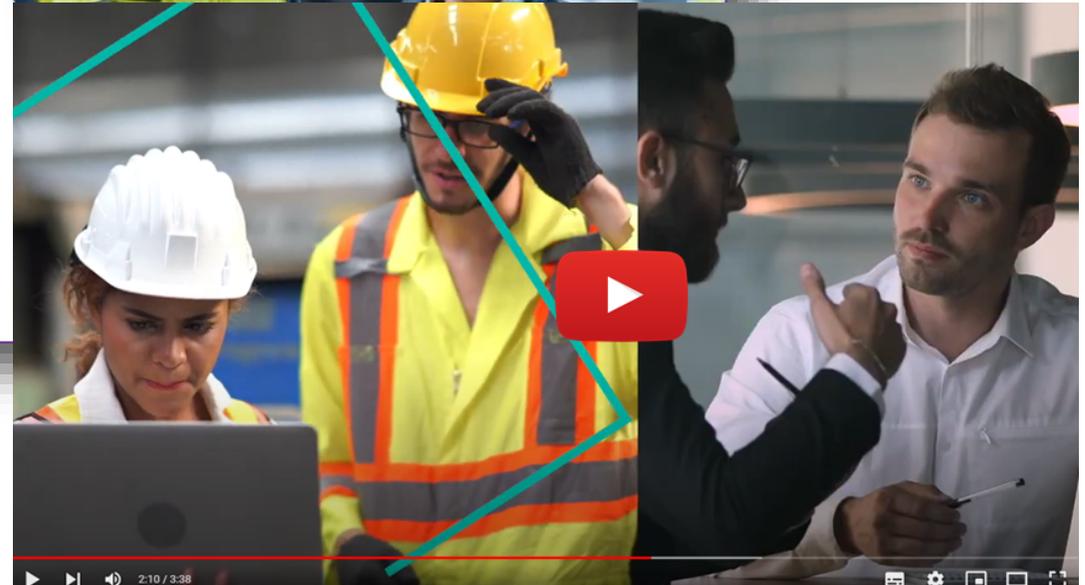

Ready for Construction

Topic 3 – Jobs and progression

Topic 3: Jobs and progression

Find out about the different types of jobs available in construction and how your career could progress.

Scroll down to begin. Remember that in order to complete this topic you need to cover all the learning on the page, including watching the short videos. You can click on the progress panel in the top right hand corner to see which videos you've started watching.

includes

- Feature video (2)
- Jobs roles
- Work settings
- Progression opportunities

Ready for Construction

Topic 4 – The essentials

Topic 4: The essentials

This topic will introduce you to the essential knowledge you will learn when you start your job. You'll find out about health and safety, wellbeing at work and the importance of sustainable construction.

Scroll down to begin. Remember that in order to complete this topic you need to cover all the learning on the page, including watching the short videos. You can click on the progress panel in the top right hand corner to see which videos you've started watching.

includes

- Health and safety
- Key legislation
- CSCS card
- Roles and responsibilities
- Wellbeing tips

Health and safety in construction

One of the first things you will be trained in when you start work is health and safety.

Health and safety is important in all businesses and sectors. All workers have the right to work in an environment where risks to their health and safety are properly controlled. This is particularly important in the construction industry, due to the hazardous materials and tools used.

Select the play button to watch the video.

Ready for Construction

Topic 5 – Getting started in construction

Topic 5: Getting started in construction

Here you'll find information on the different routes into construction and hear some top tips from employers on finding a job.

Scroll down to begin. Remember that in order to complete this topic you need to cover all the learning on the page, including watching the short videos. You can click on the progress panel in the top right hand corner to see which videos you've started watching.

includes

Top 10 job search tips from employers

City & Guilds

Top job search tips

Select the arrows to see some top job search tips from construction employers.

Tip 3: Get your CV ready

Take the time to prepare an up-to-date CV. Employers and recruiters spend an average of five seconds looking at a CV, so you need to clearly highlight everything they need to know about you at a glance. Start your CV with a short profile summarising:

- your work experience
- your qualifications and certificates
- information about any period(s) during which you have been out of work and for how long (if applicable)
- your motivation for applying for the job.

Ready for Construction

'Explore' task

Explore further

If you feel inspired by what you have learnt in this section, here is an additional activity you can do in your own time. This will help you get a better understanding of construction and whether you would enjoy working in the sector.

1. Why do you think the industry has the Construction Skills Certification Scheme (CSCS)?
2. What would be the benefits to you of holding a CSCS card?

includes

**Optional 'Explore'
task at the end of each
Topic
to build learners'
interest in the sector**

Ready for Construction Reflections

Reflections

In this section you can explore whether construction could be a suitable career choice for you, by reflecting which of the attitudes, behaviours and skills you already have and which ones you may need to develop or strengthen.

Scroll down to begin.

includes

- **Reflection activity:** Learners to reflect whether they have the 15 attitudes, behaviours and skills that employers are looking for
- **Downloadable report with the results**

SmartScreen Factsheet Ready for Construction

City & Guilds SmartScreen

City & Guilds SmartScreen is our dedicated online resource portal, supporting over 120 qualifications. It currently boasts more than 80,000 resources and pages of content for tutors and learners.

How can SmartScreen help me?

SmartScreen materials have been designed specifically for each individual qualification, apprenticeship or CPD course. They have been developed to assist tutors, and others, delivering these courses to obtain the best possible results for their learners.

Price:

- £200 + VAT (RFC10 – up to 10 users)
- £360 + VAT (RFC20 – up to 20 users)
- £640 + VAT (RFC40 – up to 40 users)
- £840 + VAT (RFC60 – up to 60 users)
- £1200 + VAT (RFC100 – up to 100 users)

Ready for Construction

Co-designed with employers, this course shines a light on the construction industry. It helps learners discover the breadth of jobs and opportunities in the sector, giving them the motivation to succeed in their studies and build a career.

The course features a number of leading employers to give learners a real sense and flavour of what it's like working in construction and the skills, attitudes and behaviours employers are looking for when recruiting.

The course is delivered as self-directed learning and takes no longer than three hours to complete. It is suitable for a wide range of learners with no prior knowledge of or work experience in construction.

The content includes two feature videos on construction, a series of clips with employers, interactive tasks and a self-reflection exercise.

Additionally, at the end of each main topic, learners have an opportunity to complete an optional task which will help them explore the topic they have learnt in a bit more detail, in their own time.

The course also showcases partner employers who will be keen to hear from learners once they have completed their qualification and are ready to enter the sector.

Course content

- Welcome
- Introduction to the course
- Topic 1: About construction
- Topic 2: What construction employers look for
- Topic 3: Jobs and progression in construction
- Topic 4: The essentials of working in construction
- Topic 5: Job search tips
- Reflections: Skills, attitudes and behaviours
- Signposting

Digital credential

On completion of the course participants will earn a digital credential. These can be shared on social media or included on their CVs to showcase their interest in working in construction and help them stand out among other applicants once they have completed their qualification. Digital credentials will be issued once a week, on Fridays.

Why choose SmartScreen?

Shake learning up	Offers flexibility in lesson delivery and learning styles.
Learn inside and outside the classroom	With increased internet speeds available to learners using smartphones, laptops and tablets, resources can be accessed at any time and in any location.
Stay ahead	The definitive source for the most up-to-date information about qualification developments and delivery information.
Do what you do best	Our lesson plans, handouts and worksheets will save tutors time, meaning that they can keep their heads out of the paperwork and teach.
Peace of mind	Peace of mind that the resources fully support the qualification.
